

Item #: \_\_\_\_\_

1) Connect the organisms together to complete the food web (some organisms may be used more than once).

2) Draw the corresponding shape next to the organism (\*some could have more than one shape!\*)

- Producers
- Primary Consumer
- Secondary Consumer
- Top Predator

3) Color each organism:

- Producers - green
- Herbivores - blue
- Carnivores - red
- Omnivores - orange

4) Describe the difference between a food web and a food chain.

5) List 2 organismism for each:

Most Energy

Least Energy
